

JACK and the BEANSTALK

Kids activity

The old man may have left some magic in your garden see what you can find. Go into the garden and collect things that you find interesting. Mix them together to watch the magic unfold.

Can you put all the items into three group Big, Medium and small?

Sorting

by Size

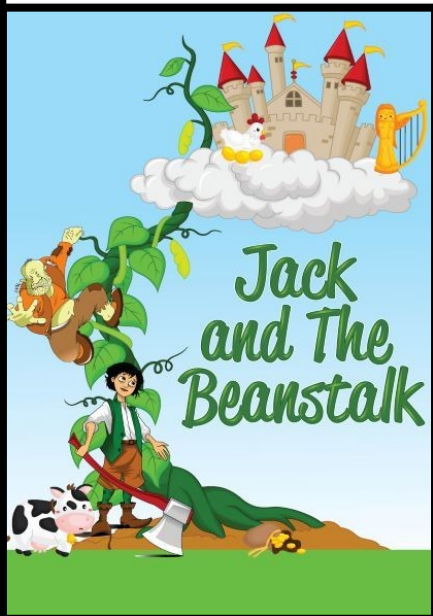

Parents

Set up a POTIONS LAB

Suggestion in what to include

Buckets, pots, spoons, funnels scissors for cutting leaves and grass.

Talk to your child about size – big, medium and small. Help them to organise the items into the groups.

Extension

You can add household items to the Potion Lab. Such as Bi-card soda, vinegar, lemons, flour etc. Let your children explore the chemical reactions between the items.
